

“HK8 Helping Hands”

2017-2018 Enrollment Form

Who we are: “Helping Hands” began in October 2009. We are an organization made up of caring individuals that volunteer their time and resources to help feed children.

What we do: Helping Hands volunteers pack weekend food bags every Friday and deliver them to your child’s Hotchkiss K-8 classroom. From there your child is responsible for bringing their bag home via the bus, walking, or other transportation.

How we do it: The food is purchased primarily through our local City Market and by donations from our local farmers. We love it when we can provide fresh fruits and vegetables! We try to provide kid friendly, nutritious food that's easily prepared. We cannot take special orders or requests for food, and therefore your bags may contain food you don’t like. Your participation in this program is optional and you can cancel at any time.

We look forward to assisting your family with food needs this school year and believe that a fed child is a happy child! If you have any questions please call Hotchkiss K-8 office, 872-3325

Thank you,
Dr. John Marchino, Jr.
Hotchkiss K-8 Principle

-----Please detach form below and return to the school office for participation in the program-----
